

---

**CSL 356: Analysis and Design of Algorithms****Instructor:** Ragesh Jaiswal

---

1. Discuss the remaining problems from the previous Tutorial.
2. (NP-complete problems) Solve the following problems from Chapter 8 of the Tardos-Kleinberg book. <sup>1</sup>
  - Problem 27.
  - Problem 28.
  - Problem 29.
  - Problem 31.

---

<sup>1</sup>These are just arbitrary subset of problems that I liked. You should try all problems in the book.
