

Assignment 7, CSL 858

Due date: April 11, 2007 (Wednesday)

1. Write an outline of the class presentation of your project. Each team may submit one common outline. The outline should contain the following information.
 - (a) Graph relating the topics you will cover (e.g. the graph could be a tree which has at the top the title of the project, at the next lower level the main topics, at the third level sub-topics/details of each topic, etc.).
 - (b) Main ideas you would like your classmates to “take home” from the presentation.
 - (c) Sequential order in which the material will be presented with a few details.
 - (d) References to existing material you will borrow from (papers, books, tools etc.).
